

Standard Recreation Room

For many [Iroma](#), outer space is a harsh and unforgiving climate with few niceties and little wonder. As a means of combating depression and encouraging stronger *esprit de corps*, most [Astral Vanguard](#) vessels have recreation rooms. The rooms feature smooth tan/gold paneling, synthetic leather seating and a flooring system similar to that of the [mess hall](#). Interior amenities include a snack and drink bar, a number of large-paneled viewscreens and tables for playing board or card games and large dance floor with deployable padding that may be used for meditation or sparring matches. Generally, it is not unusual for an officer to requisitions additional materials for their recreation rooms to suit the needs of their crew.
