

Kuvexian Navy Duty Uniform

The Kuvexian Navy Uniform is worn by personnel of the Kuvexian Navy, such as starship crews, (See [Kuvexian Military](#)) since sometime prior to [YE 37](#).

Description

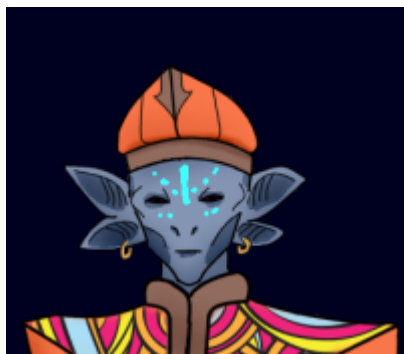

The Kuvexian Navy Duty Uniform consists of the following:

- Jacket, Navy orange
- Cap, Navy orange
- Pants, “beaver” color (#916b5d)
- Boots, Russet
- Belt, Russet, with brass buckle
- optional capes (for officers only) - gold or dark gray.

Some of these components are detailed in the sections below.

Cap

The Navy Cap is orange with a pointed front top and a brown band around the bottom. There is also a brown “accent” area in the front center.

Jacket

The jacket has a front zipper closure. The right side slightly overlaps the left, starting at the collar, which is brown and in a sort of Mandarin style. The shirt has pointed, padded shoulders and a triangular “mantle” that is filled with a colorful swirl pattern. The colors in the pattern are pink, sky blue, orange, and yellow. This pattern is also used on the jacket's cuffs. The jacket has one chest pocket on the left breast. Some variants have pockets on the flaps below the belt.

Pants

The pants are creased in the front and have bell-bottoms.

Trident

Rather than a saber, Kuvexian Navy officers carry tridents as symbols of authority.
