

# LSDF Pools & Aquatic Recreation

These compartments are designed to provide personnel with a venue in which they can have access to aquatic recreation in the form of pools, hot tubs, and in some cases a variety of additional aquatic recreation devices such as water-slides, interactive fountains, and other such amenities.

## Simple Aquatic Recreation Compartment

These compartments are designed to be installed upon small ships, simple aquatic recreation compartments are designed to provide minimal facilities for swimming and other activities. These compartments can include amenities such as; current-pools which can allow users to swim for extended durations and simulated distances, hot tubs, and shallow pools.

## Mid-Tier Aquatic Recreation Compartment

Mid-tier aquatic recreation compartments are designed to be installed upon mid-sized ships and installations, these compartments are designed for the purpose of providing personnel with the opportunity to use a moderate variety of aquatic recreation facilities, these facilities can include three meter deep pools, hot tubs, current-pools, interactive fountains and water spraying devices.

## Full Aquatic Recreation Compartment

Intended to provide a wide range of aquatic entertainment, these compartments are designed to provide personnel with the opportunity to take part in the use of a variety of aquatic recreational activities, including amenities such as; water slides, diving pools, large swimming pools, current pools, hot tubs, water spraying apparatuses, wave pools, and interactive fountains.
