

Anthem of the Imperium

Hail our Imperium and its people! Hail our honored dead we've lost! Here your sons and daughters come forth Forward they go filled with strength The sword and shield of the galaxy

Here we protect our hard-won peace There we are forged in valiant battle From Rok'veru to the Expanse We've wrestled with foes from near and far And saved our lands from oblivion

All who join us in peace, stand beside us! To those who wish for it, our fire shall come! Storms will surge and the ground shall rumble As our people crack the sky and earth Until the last enemy left is peace
