

Field Marshal

The most influential military officers in the Marine Corps. There is one Field Marshal for every several million marines. There are very few Field Marshals, and the turnover rate is somewhat high - the workload involved in coordinated several million men is highly stressful, even with several [Generals](#) present to help coordinate. Field Marshals are the operative heads of Armies and other large, permanent forces. Characters of this rank make 3500 DA a week.

For a full listing of Nepleslian military ranks, see [Nepleslian Military Ranks](#).

List of Field Marshalls
