

NSMC Medical Scrubs

The [Nepleslian Space Marine Corps](#) provides medical scrubs to medical staff that can be worn instead of the normal uniform while working in a medical capacity in non-combat situations such as on Nepleslian ships and bases, or in hospital facilities. In the operating room, scrubs are required.

NSMC Medical Scrubs

 **Scrubs** have been around since long before the known template and have stuck around because they are cheap, comfortable, and easily replaceable.

The scrubs used by the NSMC are basic light green ones with a V-neck collar and an NSMC medical logo printed on the left breast. They have one chest pocket on the right breast with a pen-holder and two waist pockets. The pants are drawstring pants without pockets. There is a matching cap available.

OOO Notes
