

Neshaten Light Power Pack

This battery pack is a standard ammunition pack for light Neshaten energy weapons. It entered service in E423. The power pack has a universal interface meaning that any pack of this type can be used in any standard light Neshaten device. It is produced by the [Yuina'cema Merchant Family](#).

Nomenclature Information

- Designer: [Yuina'cema Merchant Family](#)
- Manufacturer: [Yuina'cema Merchant Family](#)
- Name: Neshaten Light Power Pack
- Nomenclature: Ne-G1-WER423
- Type: Ammunition
- Role: Standard battery for light Neshaten directed energy weapons.
- Length: 2.5" length 1.5" width 0.7" tall
- Mass: 0.5 Kg

Appearance

A small black oblong with a standard connection interface on the underside. The intensity of the blue stripe around the edge of the battery pack gives a rough estimate of how charged it is.

Usage Details

The Neshaten Light Power Pack will charge in any Standard Issue Charging Dock. The dock can charge five of these units simultaneously but will not be able to fit any other power cells of other types. On the battlefield, APC units and support vehicles will each carry a charging rack. This can fit forty packs at once and will charge them in 1 hour. However such chargers are not portable.

Charger	Charging Time
Normal Charger	2 Hours
Vehicle Mounted Charging Rack	1 Hour

Note: These units do not have to be fully charged between uses however doing so is recommended.
