

Z'Nyucese

Z'Nyucese are soldiers who have completed officer training classes and are then assigned to train for their career field aboard a ship or station but also on a base. This is a training rank in the [Shukara Volunteer Navy](#), it is pronounced as *Zee-Nyuu-Cease*. This rank is above that of a [V'Quirese](#) but below that of a [N'Marida](#).

A commissioned Z'Nyucese can't be promoted to a N'Marida until they've demonstrated partial knowledge of their career field and have also demonstrated a certain degree of leadership skills.

A shortened version of the rank is *Z'Nyu*
