

Danko Clan

Danko Clan, located at [Shiro Suzume Castle](#), is a small yet growing group of samurai formed in [YE 39](#) that sought a path away from the [samurai clan](#) that they were a part of that was tainted by the bad blood of the Shadow Vipers. This clan was formed by a samurai once named Namida which means tears in [Yamataigo](#) (邪馬台語) that has changed her name to Kuro, meaning black. She is a head strong former member of the Ketsurui samurai. Their weapon of choice, given to a samurai after completion of training, is the [Kusarigama](#).

More about Danko Clan

[Danko](#) has a meaning of being dogged and determined, firm and resolute in [Yamataigo](#) (邪馬台語). It is still unknown to many communities and the like. Despite that, there are whisperings of the clans forming within the Ketsurui clan, though the Danko Clan doesn't pull from the Ketsurui Clan purposefully or almost even willingly. They would rather find those that want to be a part of the Danko Clan for their own reasons and not those of the clan, either. The goals of the clan are simple ones, such as to create [kata](#), form their own warrior's path, and create their own style and form of martial art within samurai culture.

Below are their inherent goals:

- Practice the martial arts that are lesser known but still gaining in popularity
- Not abandon the practices and teachings of the past
- Forge a future along the 🐱 [budo](#)
- Create a new style of martial art and training regime for a newly minted form
- Integrate [Ninjutsu](#) and [Neju Koyu](#) specifically into the way

Armor

They usually are armed with their new weapons that were made custom but not those given to them by their previous clan. They have gotten their own craftsman made 🐱 [katana](#), 🐱 [wakizashi](#), 🐱 [kusarigama](#). They are predominantly known for their use of the kusarigama or sickle and chain.
