

SSS - Liaison Offices

In the latter part of YE 31, the *Scientific Studies Service (SSS)* began establishing *Reizon (Liaison)* offices at *Star Army of Yamatai* installations with starships assigned. These are for the use of *Reizon* personnel assigned to *SAoY* starships.

Each Liaison Office has the following:

- Administration Office
- Visiting Quarters
- Conference Room
- Lecture Rooms
- Specimen Containment/Storage

Administration Office

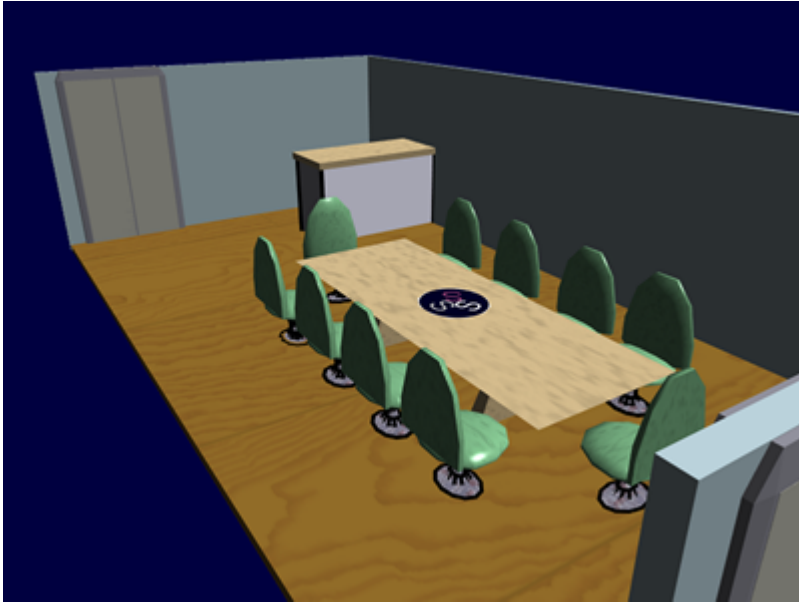

This is the office where the *Reizon* personnel assigned to the installation are overseen. A small staff of *SSS* personnel run the office and maintain records.

Visiting Quarters

Typically 10-20 quarters are maintained.

These quarters are kept available for *Reizon* personnel who are awaiting a vessel or waiting for transportation to elsewhere. They are dual-occupancy quarters with a bathroom. The main room contains two twin beds, a small desk with a chair, two lockers, and a small table with two padded chairs. The bathroom has a shower, commode, and sink.

Conference Room

Used for holding meetings with Reizon personnel, admin, and visitors. It features a large table that has the [SSS Logo](#) in the center, it is surrounded with padded chairs. Embedded in the table is a volumetric display use for the meetings. A small nook located off to the side contains a [Coffee](#) maker, ice-maker, microwave, mini-fridge, and a small drink bar. The floor is covered with bamboo wood flooring.

Lecture room(s)

These are small briefing rooms with seats for 20-30 persons. The floor is sloped so that those in back can see over those in front. It is used when the [SSS](#) needs to brief Liaison personnel or [Star Army of Yamatai](#) personnel.

Specimen containment/storage

This is a controlled access area, where specimens and samples are stored for shipment to one of the [Scientific Studies Service \(SSS\)](#) laboratory facilities. It is treated as a quarantine area and all personnel entering or leaving must go through decontamination.

All living specimens are kept in an environmentally isolated and controlled area.
