

# Scientific Studies Service - Procurement

The men and women in procurement are responsible for gathering the supplies the *Scientific Studies Service (SSS)* needs to operate. This includes vehicles, clothes, equipment etc. They are trained in negotiating purchase orders, and contracts. They are adept at using a wide range of sources, to ensure that the SSS is always supplied, and strives to fulfill its duties within budget.

Current sources they use:

- [Ketsurui Fleet Yards](#)
- [Tamahagane Corporation](#)
- Salvage companies
