

Scientific Studies Service (SSS) - Tansaku Staging area

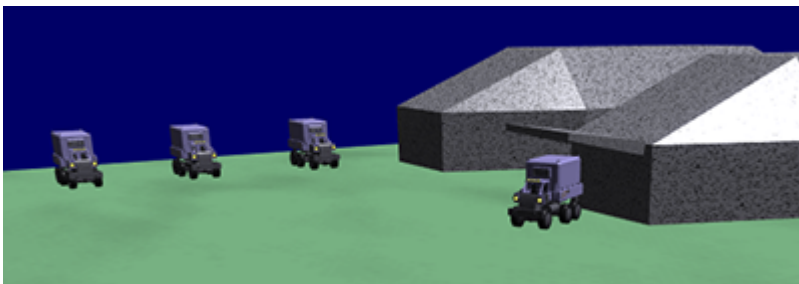

Located two kilometers north of the [Scientific Studies Service \(SSS\) - Primary Campus](#), is the Tansaku Staging Area (TSA). The staging area for [Scientific Studies Service Tansaku-class](#) ships. This is where materials and equipment are stored and then prepared for loading. It was completed early in [YE 31](#).

The TSA has the capability to service and load up to eight [Tansaku](#) ships. The Control Center for the TSA is located at the top of a tower located in the southeast.

Warehouses

There are four warehouses located on the west side of the area. Vehicles used to transfer supplies are kept in between the warehouses.

Personnel facilities

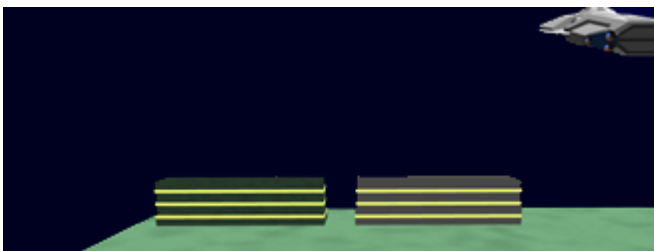

In the northeast corner of the TSA are two structures for personnel.

Temporary quarters

The site maintains temporary quarters for visiting crew members which the [Tansaku](#) crew can stay at while their ship is being serviced. Shuttle service is available to take personnel to either the [Campus](#) or [Kyoto](#).

Passenger terminal

The first two floors of the southern (second) building serves as a passenger terminal area for [SSS](#) expedition personnel to wait prior to boarding.
