History and Background

In [YE 45](#), upon being promoted and assigned as the commander of the [ISS Evenstar \(Yoi-no-Myōjō\)](#), [Shipmaster Motoyoshi Eidan](#) established an Operations Team. This team was assembled from his previous colleagues and classmates from the [ISS Shiori](#), as well as new crew members of the [ISS Evenstar \(Yoi-no-Myōjō\)](#) and individuals from its accompanying [Escort Floatilla](#). The team would be the ones at his side the [ISS Evenstar \(Yoi-no-Myōjō\)](#) embarked on its journey to explore the [Kosuke Sector](#)

and pursue the goals of the [Yugumo Corporation](#).

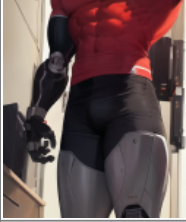

The name Konpeki Gundan (Azure Legion) links back to [Eidan's](#) love for fantasy fiction. The name evokes a reference to brave knights in his stories who embarked on epic adventures as they brought glory to their homelands. It was similar to what [Motoyoshi Eidan](#) sought to do as a [Shipmaster](#); to lead his crew on wonderous missions to bring glory to the [Yamatai Star Empire](#) and the [Motoyoshi Clan](#).

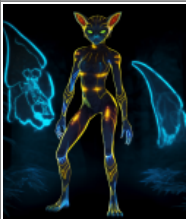

Through the eyes of [Eidan's](#) grandmother, [Ketsurui-Motoyoshi Katsuko](#) the group would be seen as his first steps in establishing the base that would one day support him when he would eventually lead the [Motoyoshi Clan](#). Her support for the group was deeply seated in the overall goals of shaping the future of the [Motoyoshi Clan](#). It gave her faith that [Eidan](#) would never become like his father, [Motoyoshi Tio](#).

So on the surface, the Azure Legion were an operational group of the [Yugumo Merchant Spacy](#) on the [ISS Evenstar \(Yoi-no-Myōjō\)](#), but it would be a symbol of much more for the [Motoyoshi Clan](#).
