

Carrier

In the [Star Army Role-Play](#), the term “Carrier” refers to a starship which:

1. Is designed primarily to carry and service [Attack Craft](#)
2. Is not designed for direct combat
3. Is intended for long duration missions.

Variations

- **Escort Carrier:** Escort Carriers are any craft that has been converted to fill the role of carrier.
- **Integrated Strike Force:** ISF Starships are craft that have been designed to carry their own [Attack Craft](#), [Escorts](#), and other supporting vehicles directly into combat.
- **Tactical Star base:** A Tactical Starbase essentially a very large carrier, designed primarily to service [Escorts](#).

Attack Craft Examples

- [Heitan-class Carrier](#)
- [NMX Battle Carrier](#)
