

# Languages

These are the languages spoken across the SARP universe.

## Major Languages

These following are languages used in SARP's notable factions.

| SARP Name                               | Real-World Equivalent                                                                                             | Usage                                                                                  |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| <a href="#">Abwherean</a> (Volksprache) |  <a href="#">German</a>          | <a href="#">abwehran_star_empire</a>                                                   |
| <a href="#">Lorath Language</a>         |                                                                                                                   | <a href="#">lorath_matriarchy</a>                                                      |
| <a href="#">Saalsari</a>                |                                                                                                                   | <a href="#">iromakuanhe_astral_commonwealth</a>                                        |
| <a href="#">Seraphim</a>                |  <a href="#">Latin</a>           | <a href="#">Yamatai Star Empire</a> (Elysia)                                           |
| <a href="#">Sharan Basic</a>            |                                                                                                                   | <a href="#">government</a>                                                             |
| <a href="#">Tinacen</a>                 |                                                                                                                   | <a href="#">kingdom_of_neshaten</a>                                                    |
| <a href="#">Takavonai</a>               |                                                                                                                   | <a href="#">Poku Saeruo Degonjo</a>                                                    |
| <a href="#">Trade (language)</a>        |  <a href="#">English</a>         | <a href="#">democratic_imperium_of_nepleslia</a> , <a href="#">Yamatai Star Empire</a> |
| <a href="#">Yamataigo</a> (邪馬台語)        |  <a href="#">Japanese</a> (日本語) | <a href="#">Yamatai Star Empire</a>                                                    |

## Other Languages

The languages below are obscure or are not well-detailed.

1. The mysterious [Essai](#) speak in strange noises described as “horrendous vuvuzela-horn-moaning” or “a swarm of bees stuck in a tuba.”
2. There are dozens of languages spoken by [Phods](#).
3. [Kodians](#) have a language.
4. [Separa'Shan](#) city-states have several languages, all with a lot of hissing sounds.
5. [language](#)
6. [Chelti language](#)
