

New Players' Guide □

Welcome to Star Army! This article has the basic steps and info you'll need to participate.

In Star Army, you and other members create characters who live in the high-tech fictional universe of Star Army and then use your imagination to write your character's actions and dialogue to create collaborative stories. You can create and play characters forged by this unique universe and their actions will affect the [setting](#) for future players.

For the full guide to roleplaying on Star Army, see [Roleplaying](#).

Account Setup

Star Army is an “account per player” (APP) site, which means each member should only have one account for the forums. The same login will be used for all of your characters. You must be **16 or older** to join Star Army. There is no cost to join or participate. Before joining, you should probably read the [Site Rules](#).

Register an account on [the forums](#) by clicking “Log in or Sign up” on the upper right corner of the page. You're invited to then introduce yourself in the [Introductions & New Players Forum](#).

Optional: Create a wiki account. **The wiki login system is separate from the forum one, so you will need to register for both.** You'll need a wiki account to create and edit wiki articles (such as if you want to make a page for your character). [Register an account for the wiki](#).

If you have trouble registering, contact the admin. See the **Questions and Assistance** section below. Star Army uses advanced anti-spam methods that may occasionally flag a legitimate user for further review based on IP address, email, username, or other characteristics.

Creating Characters

When you're ready, start making characters using the guides found on the [Creating A Character](#) wiki page. Once your character is approved you're free to start [Roleplaying](#) by joining a [plot](#) group or by joining or creating a roleplay thread.

- [Open Roleplaying](#) threads are a great place to start.
- Got an idea for a roleplay thread? Start an interest check thread in the [OOC and Plot Planning](#) forum.
- Find other players to RP with in the [Introductions and New Players](#) forum.
