

Items & Equipment

There are detailed pages for many objects and technologies that appear in the Star Army RP. This page uses a series of automated lists that update on their own. Items will only be listed here if there's in the items: namespace or a subfolder of that. Items that are stored under a corp: or faction: or stararmy: namespace won't appear in this list so please see the faction pages for their equipment lists and so forth.

Clothing

See: [Clothing](#)

Drugs & Medicines

These are substances that exist in the [SARPiiverse](#) that have medicinal or other effects on characters. Some are great for medical emergencies and others are just used for getting high.
