

Pricing Items

The price index is a list of base prices, in [KS](#), of items in the [SARPIverse](#). The purpose of this list is to show the purchasing power of money and to have some common ground on what items cost in the SARPIverse; in other words, to have typical price ranges for certain types of items so that creators could price their products more consistently. Note that the prices on this page are obtained from the product articles. If the articles are updated and the price no longer matches, please update the prices here to match, not vice versa. The list is ordered by price, then alphabetically.

1-49 KS

This is the price range for foods and most medical drugs, as well as most small clothing items.

- [Emrys Emergency Rations](#): 5 KS
- [EM-G9-1A Basic Flashlight](#): 10 KS
- [Star Army Belt, Type 35](#): 10 KS
- [Star Army Tights](#): 10 KS
- [Star Army Skirt, Type 35](#) or [Star Army Skirt, Pleated, Type 35](#): 20 KS

50-99 KS

- [EM-G4-1 Filter Mask \(Basic\)](#): 65 KS

100-249 KS

This is the typical price range for cheap handguns.

- [Star Army Jacket, Type 35](#): 100 KS
- [EM-G4-2 Filter Mask \(Advanced\)](#): 105 KS
- [EM-W4 Stun Baton](#): 150 KS

250-999 KS

Specialized kits tend to fall into this price range.

- [EM-G17-1a Basic Tool Kit](#): 350 KS
- [EM-G16-4a Trauma Kit](#): 750 KS
- [EM-W2 Emrys Plasma-Pulse Pistol \(P3\)](#): 750 KS

1000-4999 KS

Robots and small utility vehicles tend to fall in this price range.

- [EM-G22 Emrys Industries Tactical Suit](#): 1,750 KS
- [EM-G16-3a EMS Kit](#): 3,500 KS
- [Star Army Ke-K3 Forklift](#): 2,500 KS
- [Forin T4 Personal Shuttle](#): 4000 KS
- [EM-J3-1a "Dennis"](#): 4,200 KS

5000 KS-24,999 KS

This is the price range for most ground vehicles.

	Yugumo Fleetworks		

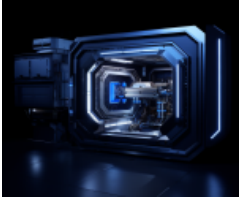

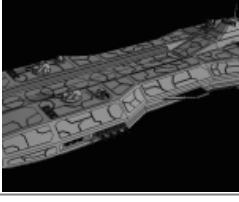

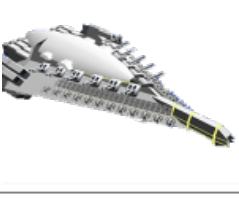

Product Image	Page	Description	Price (KS)
	Shiori Style Standard Armory	A standard starship armory	
	Yugumo Standard Bridge	Yugumo Standard Bridge describes the Yugumo Fleetworks standardized stations and components in bridge design for the Yugumo Corporation. While each class of ship tends to have its own unique bridge design these are the common things found on the bridge as of YE 45.	
	Yugumo Standard Combined Launch Bay	The Combined Launch Bay is a vital and well-organized section of a Yugumo Fleetworks designs, It facilitates the deployment and retrieval of various small craft, drones, and equipment, including power armor like the Yoru no Tenshi 'Tenshi II' Light Mechanized Power Armor. The launch bay is generally strategically located within the vessel, typically toward the aft and/or ventral positions for ease of access and operational efficiency.	
	Yugumo Standard Fabrication and Factory Areas	The factory and fabrication area on a Yugumo Fleetworks vessel is a crucial facility where various manufacturing and assembly processes take place to produce and maintain components, equipment, and systems necessary for the functioning of the ship. This area is often a hub of activity, combining technology and skilled Engine Rating Crew and Engine Officers to ensure the ship remains operational, efficient, and adaptable during long journeys through the Kagami Galaxy.	
	Yugumo Standard Interior Transportation Systems	The standard shipboard and space station transit systems for the Yugumo Corporation. Introduced in YE 45. Includes Passageways, Lifts and Light Rail Transit.	
	Yugumo Standard Laundry Facility	Yugumo Standard Laundry Facility is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Licensed Crew Quarters	The Yugumo Licensed Crew Quarters are a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Modular Crew Entertainment Lounge	A modular compartment devoted to crew entertainment. It is a starship interior developed by the Yugumo Corporation in YE 45.	

Product Image	Page	Description	Price (KS)
	Yugumo Standard Rated Crew Bunkroom	The Yugumo Rated Crew Bunkrooms are a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Rated Crew Showers and Bathhouse	Yugumo Standard Rated Crew Showers and Bathhouse is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Shipmaster's Cabin	The Yugumo Shipmaster's Cabin is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Wardroom	Yugumo Standard Wardroom is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Celestial Oasis	The Celestial Oasis is a breathtakingly beautiful aquatic paradise, its design seamlessly merging advanced technology with natural aesthetics. The pool itself is vast, stretching over several levels of the station, accessible from a moon pool. The water's hue shifts between mesmerizing shades of deep azure and cosmic indigo, mimicking the ever-changing colors of the universe outside the station's windows. Fiber-optic stars are embedded in the ceiling, creating a celestial panorama that seems to extend into infinity.	
	Misha-Class Bridge	An advanced 6+1 starship bridge	
	Yugumo Harmony of Paper and Stars	The Origami Observatory is a breathtaking and unique space within the Tengumo-Class Space Station, designed to celebrate the art of origami in a modern manner.	
	Yugumo Nohscape Odyssey	The Nohscape Odyssey is a Noh Theatre developed by the Yugumo Corporation in YE 45 for the Tengumo-Class Space Station.	

Product Image	Page	Description	Price (KS)
	Yugumo Sakura Serenity Haven	The Sakura Serenity Haven is a breathtaking and tranquil oasis within the Tengumo-Class Space Station. This exquisite space has been meticulously designed to replicate the serene beauty of a traditional Yamataian garden, complete with cherry blossom trees (sakura) that are in full bloom several times a year due to a carefully managed environment.	
	Yugumo NBY Banking Booth	The Yugumo NBY Banking Booth connects to the National Bank of Yamatai through KAIMON's SYNC/PANTHEON connection module. It became active in YE 45.	
	Yugumo Standard Adaptive Gravity Gym	The Yugumo Standard Adaptive Gravity Gym is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Armory	The Yugumo Standard Armory is a secure and highly specialized compartment or area within a spaceship designed for the storage, maintenance, and distribution of various weapons and related equipment. It serves as a crucial component of a starship's defensive and offensive capabilities, ensuring the crew has access to the necessary tools to protect the ship, engage in combat, or defend against potential threats during their interstellar journeys. Armory compartments are sold empty to non-Yamatai Star Empire clients unless special agreements state otherwise.	
	Yugumo Standard Cargo Bay	The Yugumo Standard Cargo Bay is a crucial and versatile space designed to store and transport various goods, equipment, and supplies across the vast expanse of the Kagami Galaxy. It serves as the logistical heart of the starship or space station, ensuring that essential materials and resources are readily available for missions, trade, exploration, and survival in the depths of space. The cargo bay is typically located in the central or lower section of the starship, often near the ship's center of mass for stability.	
	Yugumo Standard Damage Control Alcoves	A standard damage control alcove used by the Yugumo Fleetworks that was first produced in YE 44. It was updated in YE 45. They replaced the lockers. Alcove sizes and their inventory vary by ship or base design.	
	Yugumo Standard Dining Hall	Yugumo Standard Dining Hall is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard First Aid Lockers	A standard first aid locker	

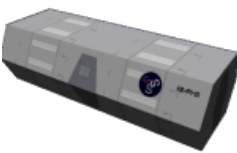

Product Image	Page	Description	Price (KS)
	Yugumo Standard Galley	Yugumo Standard Galley is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Housekeeping Closets	A standard housekeeping closet	
	Yugumo Standard Housekeeping Lockers	Yugumo Standard Housekeeping Lockers on a starship serve as storage spaces dedicated to the organization and maintenance of cleaning supplies, equipment, and tools necessary to keep the ship clean and well-maintained. These lockers are a crucial part of ensuring the health, safety, and overall functionality of the vessel. They are utilized by Support Staff.	
	Yugumo Standard Magazine	A standard magazine for starship weapons	
	Yugumo Standard Medical Bay	The Yugumo Standard Medical Bay (Medbay) is a starship interior developed by the Yugumo Corporation in YE 45.	
	Yugumo Standard Survival Lockers	A standard survival locker	
	The Pillars Of Community	Variant of the Daikoku.	
	Mōkin-Class Patrol Craft (1B)	A fast patrol craft that is agile, armored, and surprisingly comfortable.	
	Mozu-Class Starfighter (1B)	A fast, unexpectedly luxurious starfighter optimized for performance, endurance, firepower, and agility.	

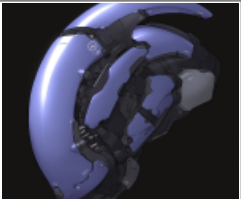

Product Image	Page	Description	Price (KS)
	Forcefield-Nested Isolation Doors	Forcefield-Nested Isolation Doors are a security door system equipped with forcefields.	
	Hoshi II Series Turbo Plasma Drives	A series of Turbo Plasma Drives for starships and other craft.	
	ELECTRA	An electronic warfare add-on for KAIMON	0.00 KS
	Sorakagami Aerospace Operations Suite	An aerospace operations suite consisting of navigation, sensors, and communications for both small craft and the ships that support them.	
	Umikagami Subsurface Operations Suite	An underwater operations suite consisting of propulsion, navigation, sensors, and communications.	
	Kaminari Quantum Foam Generators	Quantum Foam power generators for starships and other craft.	
	MIARA Ground Mobility System	A ground mobility system intended for use by legged mecha and power armor.	
	MIKO Electronics Suite	Non-Sentient AI and Computing Suite for Yugumo Corporation Vessels.	
	Mizu II Series Continuum Distortion Drives	A series of CDD Propulsion Systems for starships and other craft.	

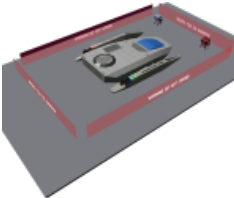

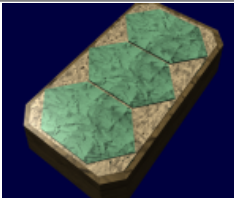

Product Image	Page	Description	Price (KS)
	Yugumo Fabrication Systems	The heart of Nanomanufacturing on Yugumo Fleetworks vessels. Nanofabrication machines used on starships are highly advanced and sophisticated devices designed to create and manipulate matter at the nanoscale. These machines are crucial for a variety of purposes, ranging from repairing equipment and manufacturing spare parts to generating specialized materials and constructing intricate components. Nanofabrication machines are incredibly compact, making efficient use of limited onboard space. They are designed to fit within the confines of a starship while still offering versatile functionality. Fabrication chambers vary in size and construction.	
	Yugumo Standard Emergency Systems	Emergency and damage control systems for starships.	
	Yumeoibito Hyperspace Fold Drive	A series of hyperspace drives for starships and other craft	
	Midnight Infinity	The Galaxy's Greatest Idols	
	Albion-class Battle Carrier	A battlecruiser for the NDC.	
	BW-SS2 Scythe Cruiser	A lightly armored heavy cruiser used by the New Dusk Conclave	
	Erebus Class Missile Frigate	A small missile frigate with several variants designed for escort use.	
	Spectre-class Stealth Cruiser	A stealth cruiser.	

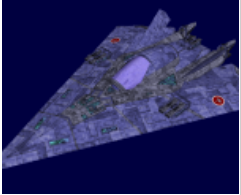

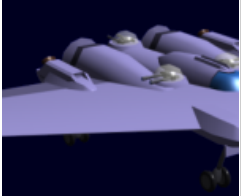

Product Image	Page	Description	Price (KS)
	NDC-SS1	A lightly armored and armed heavy frigate used by the New Dusk Conclave.	
	Golem Assault Armor		
	Cobra Gunship	Short-Range patrol craft, Rapid troop deployment	
	Na-W/P-08 Heavy Automatic Sidearm		
	12.7mm High-Power Infantry Rifle	A devastating, accurate anti-materiel rifle, chambered in Nepleslia's own 12.7x100mm round.	
	Aufwachen	An ampakine-based stimulant, the new Aufwachen is a relatively new drug created in AF 260 (YE 32) to replace the older Amphetamine-based stimulants. Unlike the older stimulant, Aufwachen has very few dangerous side effects: such as the sleeplessness and 'shakes' Amphetamine caused. Instead, Aufwachens side effects are along the lines of headache and nausea when taken in either large quantities or over long periods of time.	
	Clarity	This drug allows you to see through problems with clarity, removing most of the emotional attachments that are needed in the problem.	
	Cloqual	A beverage, somewhat green in coloration, that holds chemicals that are related to caffeine, though of alien origin.	
	Gas Mask		
	Jerrycan Jug

	Collapsible Rapid Deployment Module	The Ke-P1 (Series) Collapsible Rapid Deployment Module is a portable habitat module with the ability to fold up for transport.	
	Compact Collapsible Rapid Deployment Module	Ke-P2 (Series) Compact Collapsible Rapid Deployment Module is a user-configurable module with the ability to fold up for transport.	
	H Bunker	The "H-Bunker" (named for [[character:ketsurui_himiko Empress Himiko]]) is a type of underground supply cache distributed throughout planets of the [[faction:yamatai_star_empire]].	
	Ke-P3 Series Defense Towers	The Ke-P3 Shi-rudo (Shield) defense towers are for the protection of critical planetary installations; they became available in [[timeline:ye_31]].	
	Star Army Spire, Type 32	The Spire is a class of planetary megastructure built by the [[faction:yamatai_star_empire]] beginning in [[timeline:ye_32]]. These symbols of power serve as bases for [[stararmy:start Star Army Legions]] units and some Star Army space fleets.	
	Type 33 Prefab Outpost Modules	The Type 33 Prefab Outpost Modules were developed to allow Star Army forces to establish outposts quickly, they became available in YE 33.	
	Star Army Aerospace Flight Suit, Type 32		
	Armor Storage Rack (Type 31)	The Armor Storage Rack is a sturdy metal frame with robotic components which holds a power armor like the [[stararmy:start Star Army]]'s [[stararmy:mindy_power_armor M2 Mindy]] or the [[stararmy:equipment:daisy_m6_infantry_power_armor M6 Daisy]] upright.	
	Backup Integrated Electronics System	The BIES system, based on the same concept as the [[stararmy:systems:megami]] quantum computer, is a network of sensors, communications, and fire control all built around a small centralized computer system.	

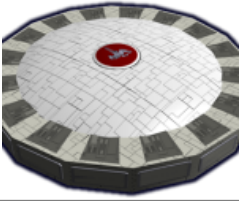

Product Image	Page	Description	Price (KS)
	Camouflage Fabric	This fabric is the latest in concealment for immobile objects. Its purpose is to protect resources when manpower has to leave it behind. The fabric is intended to work against visual detection and also reduces detection of objects via infrared.	
	Compact Integrated Electronics System (CIES)	Kessaku Electronics' Compact Integrated Electronics System is a network of sensors, communications, and fire control all built around a centralized computer system. CIES is built for supporting vessels - frigates, corvettes, gunboats, and shuttles.	
	Corona Heavy Gunship, Star Army Variant	This is the Star Army variant of the Corona Heavy Gunship.	
	Encrypted Laser Transmitter	The ELT is a communication device built for SAINT agents that are undercover available in YE 30.	
	Star Army Engineering Protective Jumpsuit, Type 31		
	Shinobi Active Cloaking Suit, Type 41	The Type 41 Shinobi Active Cloaking Suit, commonly referred to as 'The SACS' or simply 'The Shinobi'	
	"Enkei" Visual Enhancement Visor, Type 41	The Type 41 Enkei Visual Enhancement Visor, more commonly referred to as 'The Enkei' or 'The Eevee', is a milspec collection of visual enhancement sensors bundled into a package the size of some binoculars that was designed and developed by [[corp:galactic_horizon]] in [[timeline:ye_41]] before they sold the manufacturing rights off to [[corp:ketsurui_zuibatsu]] to produce for the [[stararmy:start]].	
	Star Army Holiday Kit, Type 36	Comfort kit contains things for celebrating Year-end Yule traditions	
	Ke-D7-M3900 Chiaki Pylon Module	the Chiaki Pylon Module is a modular component designed for use on multiple ships in spite of its nomenclature.	
	Type 40 Plate Bearing Vest		
	Ke-M12-P4600 Heavy Lift Teleportation Unit		
	Ke-M2-1H "Mindy" Power Armor	Upgrade from the old Mindy	

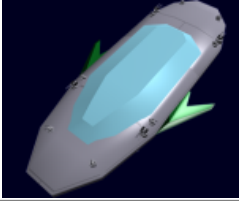

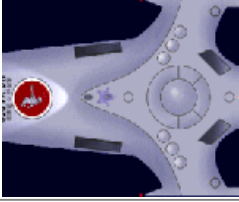

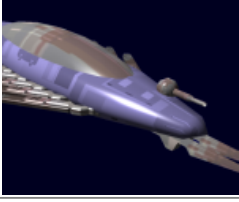

Product Image	Page	Description	Price (KS)
	Ke-M2-2D "Mindy II" Power Armor	The Mindy 2 is an atmosphere and space capable power armor which became the standard of the Star Army until its replacement with the Mindy 4 circa YE 41.	
	Ke-M2-3A "Mindy" Power Armor	The Mindy M2-3A Power Armor was designed in YE 30 for use in YE 31, but only saw limited usage before being replaced by the Mindy M2-4 series in YE 41.	
	Ke-M2-4 Series "Mindy" Armor	The Ke-M2-4 series are self-powered personal combat armor suits created by Ketsurui Fleet Yards for the Star Army of Yamatai.	
	Ke-M2-G3200 Fusion Generator	Designed for use when the risk of Aether Detection is too high, and stealth is the main concern, or when extra power that can't be provided by a capacitor is in order.	
	Harpy M5 Scout Armor	Ketsurui Fleet Yards Ke-M5-1A High-Agility Reconnaissance Power armor, Yamataian (Harpy)	
	M6-2A "Daisy II" Planetary Power Armor		
	Ke-S3-F4200 Hangar Deck Package		
	Ke-V10-E3900 Multirole Sensors Pod	The Ke-V10-E3900 was developed for use on the [[stararmy:small_craft:ke_v10_mamushi_multirole_fighter]] and became available in [[timeline:ye_39]].	
	Ke-V9-E3301 Unified Tactical Sensor Array / FTL Ansible	Unified Tactical Sensor Array / FTL Ansible was developed for use on the [[[stararmy:small_craft:ke-v9_nodachi_assault_fighter]]]	
	Ke-M2-A3100 - Kinetic Energy Absorbing Armor		
	Keiko Thought Armor	the Keiko is the second Thought Armor developed by [[stararmy:ranks:chusa]] [[character:kage_yaichiro]] with [[corp:kage:project_thought:project_thought_plan]] and uses the [[corp:kage:project_thought:type_33_pilot_pod]] as a cockpit.	

Product Image	Page	Description	Price (KS)
	Kirie Thought Armor	This is a unit developed for performance more than cost effectiveness, and is thus a limited production model for those with high levels of skill and higher-than-normal reaction times.	
	Reprisal Defense System	The Reprisal is a self propelled, self cooling, gauss rifle weapon system. For rapid movement and deployment it lowers the pylon and uses a lower profile for higher speed.	0.00 KS
	SAINT Operative Field Suit, Type 31	Stealth body armor suit	
	Star Army Survival Kit, Type 31	Backpack or footlocker style survival kit for planetary use	
	Type 41 Hard Suit		
	Ke-T8 "Kuma" Multi-role Shuttle		
	Ke-V6-1D "Hayabusa" Starfighter	A combat and nimble starfighter used by the Star Army of Yamatai with two seats and six rotating turrets to fire in almost any direction. Made to fight swarms of drones and missiles.	
	Ke-V6-2A "Hayabusa II" Starfighter		
	Ke-V7 "Ginga" Bomber

	Himiko-class Light Escort	Type 29 Nekoalkyrja Experimental Escort	
	Iori-Class Star Fortress	Older Star Fortress design with 16 huge starship construction bays	
	Irim-class Heavy Gunship	Older ship with heavy assault energy weapons and power armor support	
	Izanagi-Class Dreadnought	Enormous starship that is essentially a mobile star fortress, usable as the hub of an entire Star Army of Yamatai fleet.	
	Kainushi-Class Tug Vessel		
	Kaseron-class Heavy Lifter	A medium sized utility ship designed to carry things almost twice its weight and able to operate within an atmosphere or in space	
	Ketsueki-class Escort	Early runabout-sized KFY starship, used in combination with the larger Ayame-class (which it attached to and used as a hub).	
	Kyaa-class Search and Rescue Vessel		
	Kyoto-class Carrier	Large ship used to transport huge numbers of power armor infantry soldiers (mini nekos)	

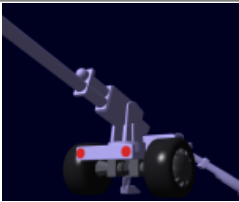

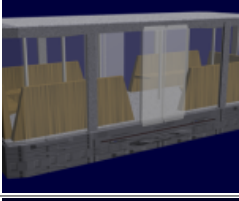

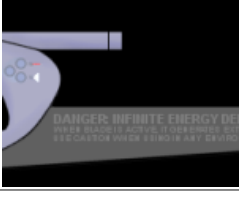

Product Image	Page	Description	Price (KS)
	Midori-Class Scout Ship	Scout craft used by the Star Army of Yamatai	
	Nougaku-Class Agriculture Vessel	Common hull design configured for use as a mobile farm for extending the range/duration of expeditionary fleets	
	Nozomi-class Scout	Scout craft used by the Star Army of Yamatai	
	Odori-class Medium Freighter	Cargo transport craft formerly used by the Star Army of Yamatai	
	Plumeria-class (2E) Medium Gunship	Updated gunship with more room and more capabilities	
	Plumeria-class (2D) Medium Gunship	Reliable heavily armed medium gunship design used by the Star Army of Yamatai (Note: there is a newer version, the 2E)	
	Super Eikan-class Heavy Cruiser	The Star Army's main heavy cruiser	
	Sydney-class Infantry Carrier	Transport ship for moving planetary forces	
	Yamashuto-class Colony Ship		

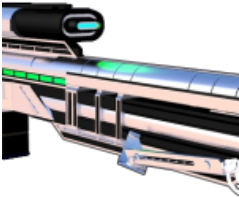

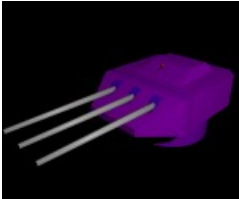

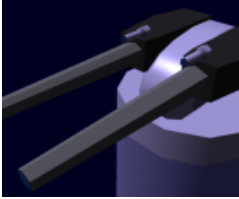

Product Image	Page	Description	Price (KS)
	Yamato-Class Flagship	Replacement for the Chiharu-class Flagship	
	Yui-class Scout	Early scout ship design used by the Star Army of Yamatai	
	Yui 7-class Scout	Upgraded version of the Yui 5 scout ship used by the Star Army of Yamatai	
	Zodiac-Class Star Fortress	Star Fortress/starbase used by the Star Army of Yamatai	
	Nodal Liquid Conduit System	In YE 42, the planned successor to the Hemosynthetic Conduit System and the Nodal System was finally brought into service on Star Army of Yamatai ships and bases. The Nodal Liquid Conduit System is used for medical applications, recycling matter, conducting repairs, and fabricating some of the materials needed on Star Army of Yamatai ships. The science behind it is based on Hemosynthetics.	
	Star Army Standard Life Support Systems	Life Support Systems used by the Star Army of Yamatai.	
	Turbo Aether Plasma Drive
