The Suit

The Suit is a custom set of apparel which was thought up by Satto Okamish when he first became a freelance worker and assassin. The Suit is a constantly evolving and adapting project which Satto improves on when he has funds available and can contact his personal friend who goes by The Upstreet Tailor.

Jacket

The Jacket piece of the suit, the first part of the set which was thought up by Satto. It's main function in the set is defensive capability but can also be used for a variety of smaller more tactical tasks such as containing hidden pockets.
