

# Sword Spear

The Sword Spear is a custom weapon bought from [Origin Blade Works](#) by [Kade Daviad](#) in [YE 40](#) that was custom designed by him to function as both a weapon and a multipurpose survival tool.

- Type: Sword-Spear
- **Dimensions:** 20-50 inches long
- Mass: 1.3kg
- **Blade Material:** [Zesuaium](#)
- **Enhancements:**
  - Monomolecular Edge
  - Retraction System
  - Gravitic Drive
  - Mind Linking System
- **Power Supply:** Aether Cell
- **Purpose:** [Tier 4](#)
- **Total Cost:** 1,275 KS

## Appearance

The Sword-Spear is a short-sword with a rather triangular and pointy blade that is much wider at the base than the tip. One side of the blade has serrations while the other is a more traditional slashing edge. The black handle is wrapped in a rubberized grip and contains all of the more sensitive components - it is capable of extending to transform the weapon into a spear via mind-link and a spring-loaded mechanism that can lock into place.
