

Star Army Flashbang/Stun Grenade, Type 30

The Type 30 Flashbang/Stun Grenade is designed to incapacitate with high levels of sound and light. It renders the subject blind for 5 seconds (they will see the same “frame”) and causes them temporary deafness and lack of balance. It is used by the [Star Army of Yamatai](#).

The grenade is cylindrical and has a silver exterior.

It is activated by yanking a loop of string out from the top, which closes an interior electric circuit. The disorientation effects work against subjects wearing power armor, but are less effective. These grenades have an estimated lifespan of about 50 years.

Effective Radius: 7 meters.
