

OOC Management

This page displays a chart of who manages various parts of the setting, based on the [structured data](#) listed on the pages for those setting elements. The purpose of this page is to allow quick and easy identification of OOC points of contact for various setting elements. Management of setting elements is subject to [Activity Expectations](#).

Your Managed Items

This list only displays setting elements that have you listed as the OOC manager for them. **You must have at least the RP and OOC thread filled in the table below (All Managed Items) for items to display in this section.**
