

Ketsurui Prison

Ketsurui Prison is a mostly-underground prison facility on the extremely-cold world [UX-19 II](#). Above ground, its appearance is a nearly windowless, sturdy black castle looking in the midst of white frozen wastelands. The prison looks much like a square medieval castle, with the middle area serving as the landing zone for ships dropping off prisoners.

History

Ketsurui Prison was built in built in [YE 30](#) and used for prisoners of the [Star Army of Yamatai](#) and [Ketsurui Clan](#).

In [YE 41](#), the prison was taken by forces from the [Interstellar Kingdom Of Kuvexia](#) during the [Kuvexian Invasion of YE 41](#). It was used to house some [Prisoners of Kuvexia](#).

Inside the Prison

The prison is designed to hold up to 2,400 prisoners (400 per floor), but some lower levels of the prison are still under construction at this point. There is a tunnel from the local [Star Army Intelligence](#) base that connects it, so the prison can store prisoners needing interrogation.

Prison Cells, Standard

These cells feature a foam mattress on a raised area at the back of the cell that serves as a bed or bench. The floor and the raised area are coated with an extremely durable, fire-resistant plastic to

protect the concrete floor and to prevent the prisoner from hurting themselves on the floor. The cells also include a plastic toilet, built into the floor, against either the left or the right side of the wall. The ceiling features a metal heating vent and a transparent [Durandium Alloy](#) window from which lights shine down; both are permanent (lights are replaced via a maintenance tunnel above the cell).

The actual cell door is made of transparent Durandium with a white stripe across that is labeled with the prisoner's identity and/or number. There is a small slot at the bottom of the door for food tray delivery.

Prison Cells, High Security

High security prison cells are lined with [Zesuaium](#) and have two sets of airtight doors.

List of Prisoners

The following list should include the prisoner's name, crime(s), and expected release date (in OOC time).
