Campus

The actual campus consists of several structures.

Administration Building

The Administration Building is at the center of the campus, next to the parade grounds. It is a four story

structure with ample windows that look out at the various parts of the campus. It houses the following:

- Commandant's office
- Administration section
- Medical Facility
- Communications

Classrooms

- There are six single story structures which serve as the classrooms. They are located north of the [Administration Building](#) in a 4×3 arrangement. Each structure has two classrooms. Each classroom has seats for 36 students, with a computer available for each. Each class room has a small office for the instructor's use. There are communal bathrooms located between the class rooms. The windows are equipped with polarizing glass that allows the instructor to darken the room as needed.

Dormitories

There are six dormitories in the campus located west of the [Administration Building](#). The dormitories are two floor structures, the second and third floors are arranged into [Standard Star Army Infantry Squad Cabin](#) style rooms housing eight trainees. Six to a floor with three [communal bathrooms](#) and [showers](#) which handle 16.

The first floor has a large common room where the trainees receive their daily briefings, and serves as their recreation room. Also on the first floor are the laundry.

Located just north of the Dormitories is the Fitness Center, a state of the art Gym.

Simulator Complex

The Simulator complex houses a variety of training aides, physical simulators and virtual ones. It is located south of the [Administration Building](#). The Complex is a large geodesic dome building.

Space

Floors one and two of the complex are the simulators. This is where [Star Army of Yamatai](#) trainees who are going to be assigned to starships, receive hands on training on ship simulators. There are control rooms where instructors can monitor the simulators and the trainees. Instructors can also program situations for the trainees to deal with. Typical configuration:

- 5 [Plumeria-class \(2D\) Medium Gunship bridges](#) with corresponding [engineering section](#), [computer room](#), and [main cannon junction](#).
- 5 [Yui-class Scout bridges](#) with corresponding [engineering section](#), [computer room](#).

- 5 [Nozomi-class Scout bridges](#) with corresponding [engineering section](#), [computer room](#).

Planetary

For standard planetary training the trainees use the [Wakusei Gunjin](#) of [Fort Hankou](#).

For simulations dealing with unusual environments, the complex has a number of [Virtual Collective Experience](#) simulators which allow the instructors to create any designed situation to test the recruits.

Parade Grounds

Located east of the [Administration Building](#), the parade grounds are used for practicing drilling to help build teamwork, discipline, and self-control. They are also used for ceremonies including the graduation ceremony for trainees.
