

Urgmlafwashik Nebula

The Urgmlafwashik Nebula is located in the claimed space of the [Democratic Imperium of Nepleslia](#). It is located to the galactic north of [Svodog System](#), [Hyulughflar System](#) and directly to the southwest of the [Vordachibea System](#).

The system is named after the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) Admiral Haotelathabh Urgmlafwashik who fought in the [First Mishhuvurthyar War](#).

History

The Urgmlafwashik Nebula was in the territory of the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) during the [First Mishhuvurthyar War](#). The [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) forward base, Mishhu no lori, was located in the nebula. After the war, the nebula was claimed by the [Democratic Imperium of Nepleslia](#) in YE 30.

The control of the nebula switched again quickly as the [NMX](#) reclaimed space in the southern regions of the [Democratic Imperium of Nepleslia](#) in YE 31 with the start of the [Second Mishhuvurthyar War](#). When the war was over in YE 34 the nebula was reclaimed by the [Democratic Imperium of Nepleslia](#).

Pirate groups have been known to operate out of Pirate's Cove, an independent system located in the eastern fringes of the nebula.

The [Black Tooth Grins](#) pirate group is known to have operations in the region as of YE 43.

Description

The Urgmlafwashik Nebula is a massive cloud of interstellar gases and dust.

The nebula is a [Supernova remnant](#) created from the still expanding shockwaves from the death of the Urgmlafwashik star. The nebula has a higher concentration of ionized helium which makes it relatively easy to traverse, but many sensor systems, long-range communications, and other systems are frequently made inoperable or unreliable within the higher density patches. Both the [Mishhuvurthyar](#) and several pirate groups have been known to use the nebula to screen their operations and hide ships and bases.

Transportation

The only way to reach this nebula is by starship or other craft.

People

The nebula has no permanent inhabitants, except for the disorganized pirate groups that use Pirate's Cove.
