

# Kennewes

Kennewes is a former capital of the [Uesureyan Star Empire](#). The USE would eventually become the [Nepleslian](#) and [Yamataian Empire](#). It is a flat, humid planet where much of the surface is covered in swamp.

- Planet: Kennewes
- Type: Marshland
- Circumference: About 11,000 km
- Surface Gravity: 1.05 G
- Length of Day: 14 hours
- Length of Year: 250 days

Like [Democratic Imperium of Nepleslia](#), it is somewhat prone to violence, but on a larger scale. Rather than gangs, combatants once included large military factions. The most notable were the [Nepleslian Army](#) (Green-shirts), the [Nepleslian Reds](#), and the Yellows. Traveling to Kennewes to search for old military souvenirs is a popular pastime for Yamataians and especially Nepleslians, as there are plenty to go around.

Kennewes is home to [Kennewes University](#) and the [Kennewessian Raceways](#).
