YE38: *Astral Reverie* follows the story of an elite group of [Star Army of Yamatai special operators](#) as they fight a secret battle to secure a stolen prototype [Mindy 4 power armor](#).

□ This article details an in-progress plot.

## More about Astral Reverie

The plot is run by [raz](#). It is currently on hiatus and will return at a future date. Roleplay took place via [joint posts](#) between his and [Revolver](#)'s characters.

After coming out of an [NMX](#) prisoner exchange with more than they bargained for, members of a [Star Army Intelligence](#) operations group race back to [Yamatai \(Planet\)](#) with vital information concerning a possible double agent. Chui Senkou Sakiyama of the Mindy Test Team has been found living as a Mishhu prisoner since before the [Battle of Yamatai](#).

First on the scene is [Special Operations Fire Team](#) Usagi, the [676th Star Army Command Quick Reaction Force](#). After a small scuffle, Usagi Team leader Eikan Taeko-heisho confronted Senkou at [Black Sands Test Range](#) and demanded she surrender herself. But with little ability to stop a fully geared power armor soldier, Senkou eluded Taeko's grasp and escaped to the surface of Yamatai.

## Roleplay

If you'd like to participate, PM [raz](#) with your character idea on the forums. All positions on Usagi Team are open until filled by players, who can easily replace NPCs cycled off of duty.

- Other than working with Saiga-chusa, Sanzugawa Mikan and Akechi Kiriko are known within the [intelligence community](#) for running the field station on [Koukotsu](#) and [infiltrating](#) the IWL cell there.
