

Bahram Wing

"The wings of victory." - Bahram Wing Motto

Bahram Wing is a mission-based RP GM'd by [Exhack](#) and [Soresu](#), following the exploits of a small wing of junior [Frame Runners](#) led by a former ace pilot with a tragic past.

In Roleplay

Bahram Wing is an action/adventure plot, focusing on high-speed mecha action and the tense political situation in the isolated [Astral Commonwealth](#). Characters consist of the runners, their commander and the various support staff who keep the [Vanguard](#) operating at workable efficiency. Because of the nature of conflict, players can expect to see plenty of mature scenes of violence and pending a survey of player ages, the plot may move into the adults-only section of the forum. Until that time, such content should only be posted in the 18+ forum.

The Bahram wing plot began on February 08, [2009](#).
