Plot Overview

With societal issues - such as crime, overcrowding, and economic stagnation - mounting throughout the [Elysian Celestial Empire](#), the [Patrician](#) of the [Elysian Senate](#) needed a quick and easy fix to their problems. Their solution? Dispatch the [ECS Panopteles](#) to the [Elysian Expansion Star Systems](#) and have it thoroughly chart the expanse's nine unexplored systems in preparation for a major colonization effort. A simple task, sure - but one also fraught with challenges from within and without.

The plot is a "slice of life" plot - heavily inspired by the older [Star Trek](#) series - centered around life [Elysian Celestial Navy](#), with a decent amount of exploration and some small-scale combat. It will be starting at the [Elysian Naval Arsenal](#) and - barring any plot developments - continue throughout the Expanse's systems.

Rules and Pacing

The ECS Panoptles is a [play-by-post](#) plot, but feel free to utilize the [JP](#) format for more intimate character development & relations.

- All members of the plot are expected to post as often as the plot permits...
- ...and at least once every 7 days.
- Do not wait on another player to post for more than 7 days.
- If you will be absent or cannot post as often as required, post notice in the OOC thread. Common courtesy goes a long way!
- Players who have not posted in more than 7 days may have their characters' actions posted or chosen by the GM to keep the plot moving.
- Players who have not posted in more than 14 days, without any notice to the GM, may be removed from the RP. Your character may fade into the background, be sent home, or become target practice for the enemies.
- Characters should follow the standard [Star Army Regulations](#) or expect IC punishment. If rules are not followed due to lack of knowledge OOCly - or players are OOCly ignoring or flouting rules their characters would ICly know to follow - OOC coaching, assistance or punishment may be required instead of IC consequences.
