NSS Highlander

The *NSS Highlander* is a Highlander-class Long Range Attack Gunship of the Nepleslian Star Navy. An experimental ship without much support, the Highlander and its crew of misfits operates alone to undertake special operations. The ship is named in a roundabout way after the highland dwelling people of Hanya, the Hanyadi. Its Game MAsters are Firebrand and paladinrpg.

NSS Highlander in Roleplay

The Highlander is an action packed plot that dives into combat, exploration, nail biting cat and mouse games, the social elements of the crew, and diplomacy. It is hoped that players will be over 18, due to the violent nature of the plot, being in and of itself about a ship at war.
