Remscheid's History

A new Destroyer Escort built in First Quarter of 260 AF ([YE 31](#)), the HMS Remscheid was placed in one of the large bays of Weltraumflotte HQ as training for a crew began. Its intended launch is during AF 260 ([YE 31](#)).

Its first mission is to escort a merchant ship, a pirate ship that had a stolen fighter drone hive blocked their way before the Marines of the Remscheid boarded the craft and blew it up from the inside.
