## Laments of the Ghost: The Trailer

[YE 30](#) was a year of unrest within the [Motoyoshi Clan](#), their rise to the Imperial House was short lived and marked by an act of violence that would come to define everything that was to come. Under the influence of an [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) agent by the name of [Angelica](#), [Motoyoshi Kiyoko](#) attempted to assassinate Mistress [Taisho Ketsurui Yui](#) at the [Battle of the Great Lighthouse](#), an attempt that would prove unsuccessful, but would become a ripple that grew into a wave - a wave of dissidence that would break the colonies to the galactic southeast from the Empire. The formation of the [United Outer Colonies](#) caused further ripples, and even after her restoration in the colonies several days after her death, Kiyoko's connections to Angelica remained making her loyalty a second victory over [Ketsurui-Motoyoshi Katsuko](#), who had faced the betrayal of the Hanabusa Tributary earlier that year.

The dishonorable actions of those who left, silenced the [Yamatai no Motoyoshi](#) for years. During that time, the conflict with the [Mishhuvurthyar](#) broke out once more, and the [Second Mishhuvurthyar War](#) swept through both the [Yamataian](#) and [Nepleslian](#) astral territories. It was not until after the United Outer

Colonies fell that Angelica appeared again, this time facing Katsuko at [Xylar](#) and [Darso](#), where although she lost the respective battles - she was able to hook her nemesis into her game once more, luring her and her fleet with the threat that she would use her [Shlarvasseroth-class Flagship](#) to repeat the tragedy of [Taiie](#) in another Yamataian System. At Darso, Angelica also revealed that she had possession of the [YSS Yuurei](#), which had disappeared in [YE 30](#). It was a [Plumeria-class \(2D\) Medium Gunship](#) commanded by Katsuko's protege, [Motoyoshi Misato](#), who had since been restored after she was assumed dead when she failed to return from the Yuurei mission.

In late [YE 34](#), the War began to turn, the Mishhuvurthar began to retreat and resorted to marauding and raiding strategies as they lost their hold on key systems. Under the orders of Mistress Taishio Yui, Katsuko and the Motoyoshi would set out once more, on a mission to track down Angelica and destroy her capability of threatening the Empire, and to locate Motoyoshi Kiyoko and her brother [Motoyoshi Tio](#), who had disappeared completely after the fall of the UOC.

*On a mission to protect the Empire and to restore their family name. The Motoyoshi Clan along with the Seventh Fleet set out to follow the trail of breadcrumbs, risking everything as they unknowingly head towards facing an enemy that could become far more dangerous than the Mishhuvurthar..*
