

Unit Four Rules and Operating Procedures

This page has in-character and out-of-character rules for [Special Investigations Unit 4](#)

Rules of the Unit

The Rules are handed on a card to each new member of Unit Four.

- Follow [Procedure](#).
- Follow leads.
- Don't screw up the investigation.
- No infighting! We are a professional unit of Special Investigations; we can't afford to look bad.
- If there's a problem, call your partner.

OOC Rules

1. All members of the plot are encouraged to post as often as possible.
2. Contact a [Game Master](#) if you have issues with posting.
3. If you fail to post within 5 days, the [Game Master](#) can and will puppet your character.
4. When the [GM](#) sends out player surveys, please respond in a timely manner. They will affect your roleplay experience!
5. Behave and get along: there's nothing more annoying for a GM than bickering players in the OOC.
