

# XSS Tiavareth

The XSS *Tiavareth* is an [NMX "Pillager" Light Cruiser](#) built and deployed first in [YE 33](#). It is commanded by the [Mishhuvurthyar](#) known as [Speshurblax](#). Its [Game Master](#) is [Samuel](#). Its Co-GM is —.

## Overview

The Pillager-Class was designed to infiltrate civilian infrastructure and from within eat away at the foundations of the [NMX's](#) enemies. As the [Second Mishhuvurthyar War](#) drags on, the *Tiavareth* is working behind enemy lines and with little hope for support. Life aboard the ship isn't great, but it could be worse: there's food, there's water, and so long as you do what you're told and survive combat there's life. The primary method of roleplay is JP for combats and SP for non-combat.

It will be **SP** starting out for the most part.

This is an 18+ Plot!

Players who fail to attend three consecutive JPs need to talk to the GM.
