History

Pre-Mission 1

Captain [Haankava Kukkanen](#)'s troubles started when, overconfident, she disobeyed command and fought a battle she couldn't win. Now, after four months recovering in a hospital and a year of mandatory unpaid leave, she's been assigned to the *YSS Kenage*, a [Chiaki-class \(1B\) Escort Destroyer](#) with a fresh, inexperienced crew, ready to fight for the [Yamatai Star Empire](#) and prepared to help solve their internal affairs. While they won't be doing any fighting on the front lines of the [Kuvexian War](#), the ship will provide valuable services to citizens within the Yamatai Star Empire's domain. As reluctant as she is to be placed in a role that won't get much public attention, she's ready to win back the trust in command, even if she doesn't quite understand the lesson she was intended to learn yet.

Preparing for their maiden voyage, the crew are excited to discover whatever dangers and new adventures lie within their empire's borders.
