Rules & Pacing

1. All members of the plot are expected to post as often as the plot permits, at least once every week or so.
2. Do not wait on another player to post for more than four days.
3. If you will be absent or cannot post as often as required, post notice in the OOC thread. Common courtesy goes a long way!
4. Players who have not posted in more than four days may have their characters' actions posted or

chosen by the GM to keep the plot moving.

5. Players who have not posted in more than ten days, or have their characters do something really stupid and badly written, risk getting auto-hit by enemies. Their fate may be left ambiguous so that players can return, this just helps speed things along despite player absence.
6. Characters should be wary of the standard [Star Army Regulations](#) or expect IC punishment.
7. We will generally work along these [these guidelines](#) and [Readiness Conditions](#).
