

# Fort Minori Reserve Center

Fort Minori is a [Star Army of Yamatai](#) base located on [planet Nataria](#). It is named after [Ketsurui-Chinomai Minori](#). Fort Minori was primarily for the housing of soldiers who are unassigned to a unit or are transitioning out of the military. Sometimes soldiers jokingly refer to the facility as the “Minor Inconvenience.”

## History

Fort Minori was constructed in [YE 34](#) and opened that year.

In [YE 35](#), it became the headquarters of [Star Army Personnel Command](#) and a direct [Type 32 Rail Train](#) line was built connecting [Nataria Fleet Depot](#) with Fort Minori. It has one track for each direction.

In [YE 37](#), barracks were hugely expanded, increasing the fort's capacity from just 100,000 soldiers to housing for over 50,000,000 soldiers. Since the expansion, the fort resembles a major city.

In [YE 41](#), 500 towns worth of disused “Quonset hut” housing from [Star Army Refugee Facilities](#) on [Planet Himiko](#) were moved to Fort Minori, increasing soldier housing capacity by over 9 million for a total of about 60 million bunks.

In [YE 42](#), Fort Minori was bombarded and invaded during the [Third Battle Of Nataria](#)<sup>1)2)</sup> and suffered heavy damage and millions of deaths<sup>3)</sup>. Over the next few months the Star Army cleaned up and rebuilt<sup>4)</sup>.

# Facilities

Fort Minori primarily consists of barracks.

## Headquarters Building

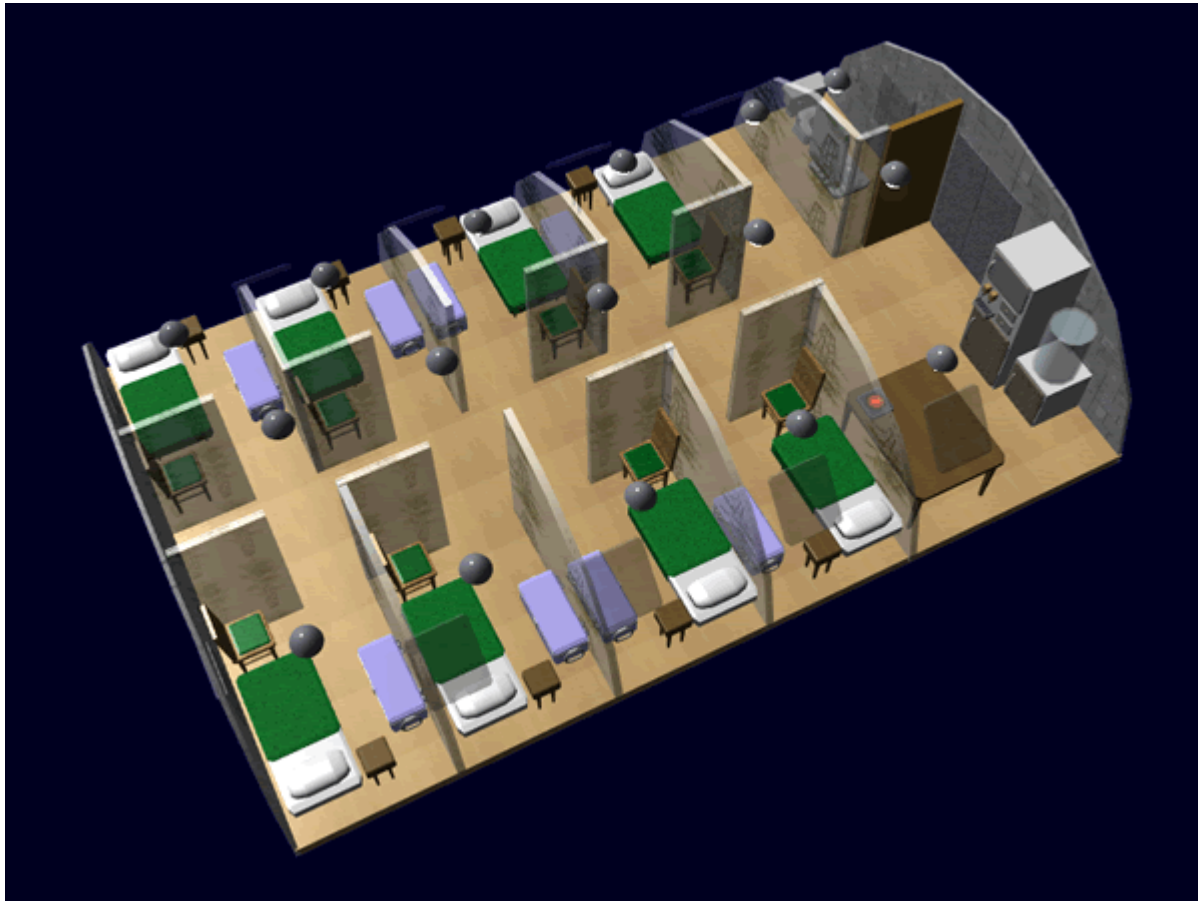

An epic two-kilometer-tall [spire](#) serves as Star Army Personnel's headquarters, dominating the sky of the local area. Since late [YE 35](#), the huge skyscraper has been filled with the offices and [clerks](#) that manage the orders and service records of the soldiers of the Star Army of Yamatai.

## New Barracks

The new barracks are rows and rows of skyscrapers containing [micro-apartments](#). There are accommodations for over 50 million soldiers.

## Old Barracks

These are composed of 1,162,554 re-purposed refugee camp homes. Each hut is designed for up to eight people, for a total capacity of 9,300,432 soldiers. The huts have eight 'rooms' with a curtain covering each doorway. There is a single bed, a small table, and chair a lamp in each room. A [Star Army Footlocker, Type 32](#) is stored at the foot of the bed, under it or against the wall. There is also a [Comfort Unit](#) which provides refrigeration and potable water. A small water reservoir is installed next to the module. The large bottle can be removed and refilled. There is a small bathroom with a chemical toilet at the end of the hut. Toilet is serviced from outside the hut.

In addition to the barracks, Fort Minori has the following facilities:
