

Starship Chair, Type 35

This type and style of chair is used on starship bridges and control stations of the [Star Army of Yamatai](#) starting in [YE 35](#). It is manufactured by [Ketsurui Fleet Yards](#).

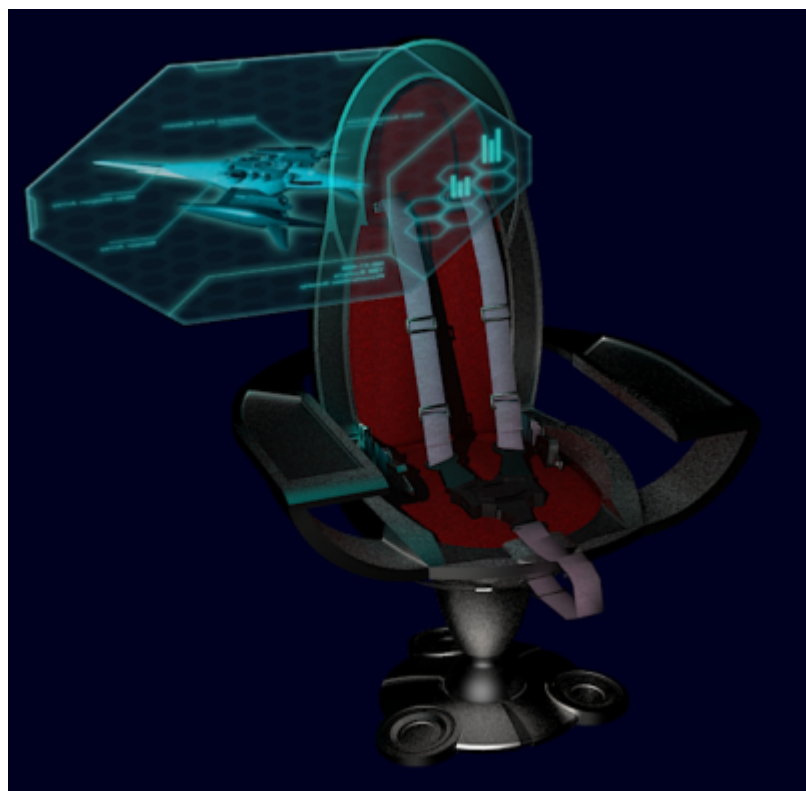

STARARMY.COM

Design

"This seat is all about the right curves and most comfortable features. Boring, normal seats better back

off, this beast is coming for your asses to comfort them. Aggressively.” – Designer

Designed for long shifts, this chair is made of metal and is attached to the floor. The cushion is foam with gel inserts covered in leather or synthetic fabric. The standard cushion color is gray but other colors are available to match the ship's decor style. The chair is capable of turning a full 360° and its height and angle can be adjusted via levers on the underside. The chair is available in a high-back and low back version and with or without armrests. A seat belt or safety harness can be attached to it.

Price: 1,250 KS

Features

The Type 35 Starship Chair is operates in conjunction with a starship control panel and is equipped with an integrated [SPINE](#) connection, allowing direct interfacing with a ship's controls. The chair is also

equipped with built-in heating, cooling, and massage functions.

A trio of large 10 centimeter bolts ensure the chair will stay attached to the floor.

Miniature Version

With the resurgence of miniature-Nekovalkyjra in the service a way to allow them to safely operate equipment was needed. The solution was to make a [Starship Chair, Type 35](#) scaled to their size.

The Starship Chair, Miniature, Type 35 was developed to give [NH-29M](#) or [NH-33M \(Miniature\)](#) a fully integrated control chair. It became available in [YE 36](#). It has all of the features of the Starship Chair, Type 35 except for a mini-[SPINE](#).
