

# 8SF Star Fortresses and Shipyards

Ships are built at the Star Fortresses by [Ketsurui Fleet Yards](#).

For starships currently being built, see [Star Army Starships Under Construction](#).

## Shipyard Locations

### Akarui Star Fortress

See: [Akarui Star Fortress](#)

### Valentine Ship Yards

A shipyard with orbital construction platform were installed on the second planet from the sun, [Valentine II](#), serving as a way to bolster the fire power in the area.

### Virgo Star Fortress

See: [Virgo Star Fortress](#)

## Special Programs

### 8SF Starship Improvement Program

The 8SF Starship Improvement Program identifies and corrects faults in older starship designs, as well as implementing new technologies to increase ship capabilities.

### 8SF Starship Refit Program

The 8SF Starship Refit Program primarily deals with taking older starships from the fleet and depot and bringing them up to standard by outfitting them with the latest improvements developed by the Starship Improvement Program.
