

Star Army Field Rations, Type 30

The [Star Army of Yamatai](#) Type 30 Field Rations are small ration packs in plastic bags, designed to supplement the older, canned [Star Army Field Rations, Type 29](#). Rather than having separate cans with various ingredients, the Type 30 rations include full meals, one meal per baggie. The foods are sterile and have a lot of preservatives in them so they don't need to be refrigerated. Shelf life is about 5 years and the cost is 20 KS each. They are comparable to the  [MRE](#) except for the lack of an included heater.

History

Starting in [YE 30](#), these rations were manufactured on various worlds where suitable farmland was available.

In early [YE 43](#), the Type 30 ration was officially discontinued¹⁾ which means the last ones made will expire by [YE 48](#). A similar commercial alternative exists: [Emrys Emergency Rations](#).
