

# Star Army Logistics Priorities

This page lists the active priorities of the subordinate commands and offices of [Star Army Logistics](#).

## Office of Standards and Modernization

- Speed up the overhaul process of mothballed [Yui-class](#) ships according to the [Yui 7-class](#) program
- [Sakura-class Gunships](#) should be converted into [Plumeria-class Gunships](#)
- Replace [Jihi-Class Medical Ship](#) with [Minori-Class Hospital Ship](#)
- Replace [Arashi-class Escort](#) with [Chiaki-class \(1B\) Escort Destroyer](#)
- Retire remaining ships of obsolete classes:
  - [Nariel Assault Battlecruiser](#)
  - [Yuumi-class Battleship](#)
  - [Arashi-class Escort](#)
  - [Thunderbolt Fast Attack Frigate](#)
  - [Sakura-class Light Gunship](#) - *Converted to Plumeria*
- Distribute the [Kuma T8 Medevac Shuttle](#) and related equipment for [Emergency Services](#).

## Office of Public Affairs

- Speak with fleet and support unit commanders about the acquisition of un-needed logistical ships and craft
- Pursue the future acquisition of ships currently in building and development stages, such as the [Nibasha-class](#) freighter.
