Operation Hidden Eyes

- A Star Army Intelligence operation.

Forward

It is our duty to have eyes everywhere; especially along our boarders, the fringes of the frontier, and within systems we do or do not control. In the past our resources were limited, but now with the development of the SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station and the PANTHEON's Eye Covert Sensor Probe we can try to achieve a network of automated eyes in the night.

Background

In YE 30. Star Army Intelligence faces new challenges as political and civilian agreements have begun to draw the lines in the sand between nations of the galaxy. With this in mind Director Motoyoshi Misato proposed Operation 'Hidden Eyes', a Star Army Intelligence-wide effort to increase the operational effectiveness of their monitoring networks.

Equipment

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station
- PANTHEON's Eye Covert Sensor Probe

The Hidden Eyes Network

Construction of the Hidden Eyes network will be done in several stages, and will begin immediately.

Internal Networks -- "Blue Grid"

Network One

Ship Ordered to Deploy Network: YC-28 Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (3)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

- [PANTHEON's Eye Covert Sensor Probe](#) (10 Independent of Meikai)

Systems Covered:

- Tami
- Kohana Cloud
- Kenichi's Star

Network Two

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- [SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station](#) (5)
  - [PANTHEON's Eye Covert Sensor Probe](#) (10 per Meikai)

Systems Covered:

- Albini
- Yamatai

Network Three

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- [SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station](#)
  - [PANTHEON's Eye Covert Sensor Probe](#) (per Meikai)
- [PANTHEON's Eye Covert Sensor Probe](#)

Systems Covered:

- Tatiana
- Nataria
- Anisa

Network Four

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- [SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station](#) (5)
  - [PANTHEON's Eye Covert Sensor Probe](#) (10 per Meikai)

Systems Covered:

- Ohara
- Gashmere
- Essia

Network Five

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Yicuqibu
- Mevar
- Ahmar

Network Six

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Kilnar
- Murf
- Talori

Network Seven

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Tsuyosa
- Goumon
- Ahrbeg

Network Eight

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Fujiko
- Hanako's Star
- Rufusland

Network Nine

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Lor
- Jun
- South Gate

Network Ten

Ship Ordered to Deploy Network:TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Valentine

- Virginia
- Vicky

Network Eleven

Ship Ordered to Deploy Network: YSS Yuurei Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Systems Covered:

- Nougfran
- Sbuhfaba
- Bufarks Debris Cloud

YSE-DIoN Border Networks -- "Nep Grid"

Green Line Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (15)

○ PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Blue Line Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (20)
   ○ PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Red Line Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (30)
    ○ PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

# YSE-Elysia Border Network "Angel Grid"

Angel Line Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (8)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Southern Frontier Network "Overseer Grid"

The Overseer grid, is not fixed like the other grids in the system. As that it is on the Expansion frontier it is continually creeping outwards, of course this also means the number of units assigned there will be increased from time to time.

Overseer Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (160)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

North/Eastern Frontier Network "Watchtower Grid"

The North/Eastern grid, is not fixed like the other grids in the system. As that it is on the Expansion frontier to the East it is continually creeping outwards, of course this also means the number of units assigned there will be increased from time to time.\

Watchtower Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*
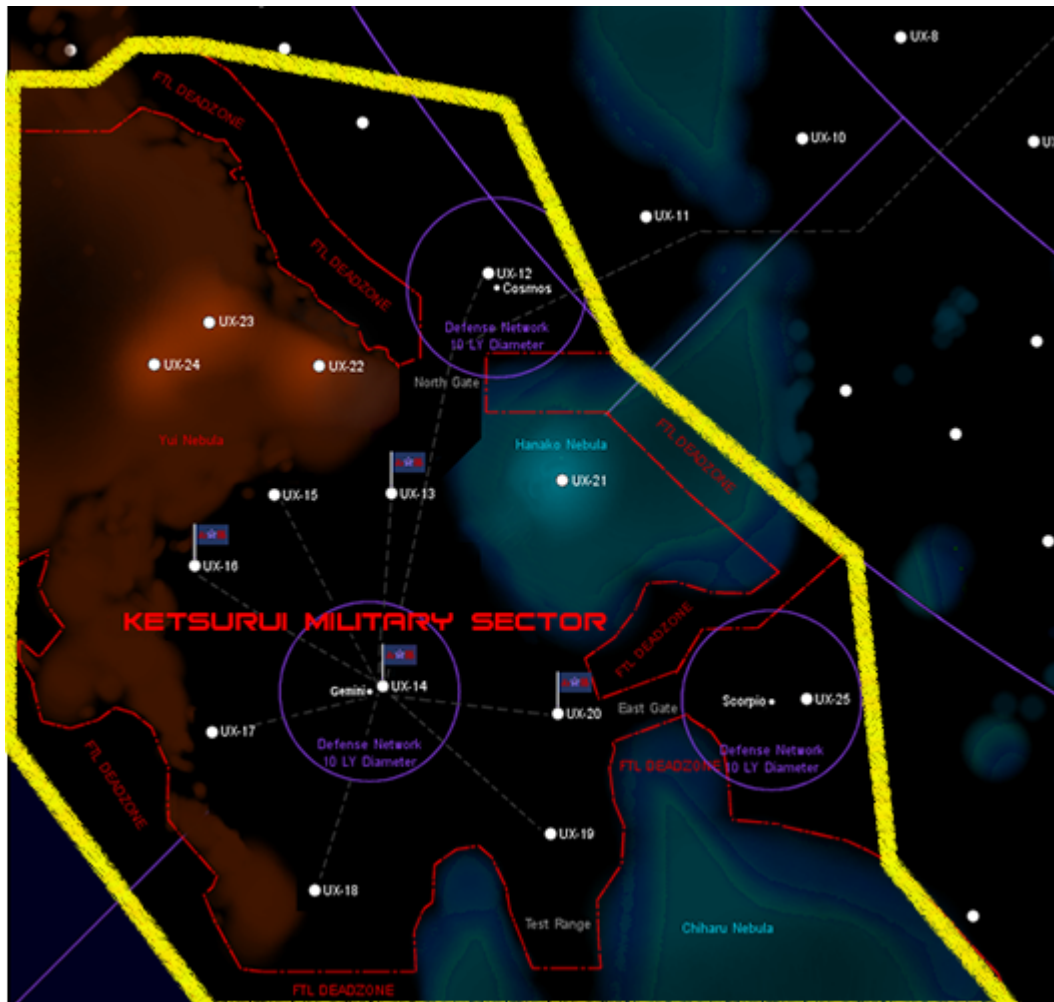

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (500)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

UOC Networks "Freedom Grid"

Lines of Freedom Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (100)
  - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Freedom Core Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5/system inside of the Freedom Lines)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Ketsurui Networks "Ketsurui Grid"

Gold Line Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (100)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Ketsurui Core Network

Ship Ordered to Deploy Network: TBA Network Status: *Not Active Waiting for Deployment*

Network Inventory:

- SAINT Type 30 Meikai 'Peeper' Automated Monitoring Station (5/system)
    - PANTHEON's Eye Covert Sensor Probe (10 per Meikai)

Out of Territory Networks "Shadow Grid"

Placement of resources inside the territories of other nations. TBA.
