

(7-Line) Request For Medical Assistance

The (7-Line) Request For Medical Assistance is a standardized, international, and radio-friendly format used by the [Star Army of Yamatai](#) and [Star Military of the Democratic Imperium of Nepleslia](#) for calling for the help of medical units.

If an injury occurs and medical help is needed, then the following procedure should be followed:

Standard Request Format

“Prepare to receive 7-line request...”

Line	Item	Description
1	Location	<i>Please be as specific as possible</i>
2	Patients	List number of patients
3	Assistance Type	L: Low-priority, O: On-Site Care, X: Immediate Extraction
4	Security	C: Clear, E: Enemies Present, U: Unknown
5	Environment	N: No environmental gear needed, S: Suits Needed
6	Faction	C: Civilians, D: NDC, P: Prisoners of War, S: Star Army, N: Nepleslia, U: UOC
7	Special Equipment	B: Basket, C: Crash extraction, H: HS Blood, N: None V: Ventilator

If there is time, typically the 7-line RMA can optionally be followed with extra details like names and specific injuries of patients. If the pickup/assistance site is specially marked, it would be noted here also.

An easy way to remember the steps is the phrase: “Let's provide a shining example for safety.”

Examples

Normal Request: “YSS Eucharis this is Taisa Hanako requesting medical assistance. Line 1: coordinates XXXXXX; Line 2: one; Line three: X; Line 4: E (PAs), Line 5: N; Line Six: S; Line 7: H.”

Example Quick (Yamataian) Combat Request: “7 Line: 1-Com-2-1-3-X-4-E-5-S-6-S-7-H” This means that there is one Star Army soldier needing HS blood and immediate extraction from a combat zone and the coordinates of the message sender's communicator.

OOO Notes

Article by Wes. Based on the real-world 9-Line used by the US Military.
