Cargo bay

The main storage for this module the [standard cargo area](#) is located on decks twenty-four and twenty-five.

Dining Hall and Galley

This facility is located on deck ten, between the single and dual apartments.

Dining Hall

This is large [dining hall](#) designed to provide meals for single residents.

Galley

The [galley](#) is large enough to provide meals for single residents.

Lounge

Located on deck ten this [lounge](#) is intended for the use of the personnel living in the single and dual apartments. For other recreation the residents go to the Kibarashi.

Living Quarters

Single resident apartments

These are basically [standard officers quarters](#), there are [laundry rooms](#) for use by the apartment residents. There are ten apartments for every laundry room. There are eight hundred single units in the module. They are located on decks six through nine. Occupants can decorate their rooms to suit their personal taste.

Dual resident apartments

These apartments are designed to accommodate two occupants they are cozy with the essentials for living.

The cabin is arranged as follows: four compartments make up the room; there is the main room, two bedrooms and a shared [bathroom](#).

The main room has the entrance door and a volumetric real time display in to the far right. A desk is set in front of the window and comes with a padded rolling chair with armrests. The desk has a control panel linked to the station's computer. Overhead lightning is provided for all of the room, as well as a desk lamp. A padded sofa, two chairs and a coffee table are also supplied.

The bedrooms contain a soft and comfortable bed (wide enough to sleep two if desired). The bed comes with sheets, blankets, and pillows. They have a storage locker for the residents to store their personal belongings. Each bedroom has a doorway to the shared [bathroom](#).

There are four hundred dual apartments. They are located on decks eleven through fourteen.

Family residences

These are the largest residences on the module. They feature a master bedroom and two single bedrooms. They also have a common area, kitchen and dining area. A [laundry room](#) is shared between three residences. There are 100 family units which are located on decks nineteen through twenty-one.

Visitor apartments

These are basically [standard officers cabin](#), but have a set of bunk beds. There are [laundry rooms](#) for use by the visitors. There are ten apartments for every laundry room. They are for transitory personnel, [expedition members](#) awaiting deployment, [Tansaku crew](#), VIP's. There are two hundred double units in the module.

Escape Pods

In YE 36 the [Star Army Escape Pod, Type 30](#) were replaced with [Ge-X3300 - Type 33 Escape Pod](#) which

are provided on each level of the of the residences.

Fitness Area

Located on decks seventeen and eighteen of the module is the fitness area. This large area is designed to help keep the SSS personnel physically fit. The fitness area contains an assortment of exercise machines: weights, treadmills, etc. Part of the space is configurable, for various activities; such as group calisthenics, practicing katas, martial art matches, other competitive sports.

Kibarashi

Located on decks fifteen and sixteen, the Kibarashi is an area not unlike a mall. The concept was to provide a place that could bring things to make the station feel like a community. The Kibarashi is intended to provide a wide range of activities. It features various stores, restaurants, a [post office](#) and an assortment of recreation facilities. The center area features a large fountain and has benches to relax in. Stores are privately owned and operate under a contractual agreement with the SSS.

Typical shops found

- [Warm and Sweet](#)
- [Kagayaki Cosmetics Day Spa](#)
- [VCE Cafe](#)
- [Ramen To Go](#)
- [Meat On A Stick](#)

Medical Center

This module features are large scale medical center featuring both trained staff facilities and [Autonomous Medical Treatment Center](#) units. It is located on decks seventeen and eighteen. The Medical center also has six [Soul Savior Pods](#) to provide back for all residents.

Security Office

With the population of a small town, it is necessary to have a security force to look after the residents. On this module the security force is composed of people from three different organizations. Security is broken down as follows:

- SSS Security personnel provide overall security for the module.
- The SSS uses [Yamatai National Police](#) personnel to maintain law and order in the Kibarashi.
- [Yamatai Security Agency](#) personnel are responsible for handling customs control.

This facility provides the following:

- office space for each enforcement agency
- separate equipment & weapons lockers for each agency
- two interrogation rooms
- several holding cells
- evidence room
