YSS Goban

The Goban, as its name suggests, was the fifth ship in the Third Expeditionary Fleet's new logistics group. The Goban also had the honor of being the fifth Odori-class Medium Freighter ever constructed.

Date entered service: YE 29

The YSS Adauchi

During *Episode 2 - Human After All*, while the crewmembers were recovering from their previous ordeal, they were given a Ketsueki-class Stealth Attack Frigate by Chusa Shimada Chisato to chase after the stolen Goban.

Caught by the Mishhu

While attempting to recover the YSS Goban with the aid of the YSS Adauchi, The crew were ambushed by two SMX Ghullfrashirv-class Destroyers. The Goban and Adauchi were severely outgunned and later captured aboard ALPHA-01. During the capture, ALPHA-01 accidentally destroyed its sister ship, ALPHA-02 with a misfired torpedo.

Goban was irreparably damaged.
