

Motoyoshi Inari's Cabin

Inari's cabin on the [YSS Mazu](#) is a decorated variation of the [Standard Star Army Officers' Cabin](#). Within the design constraints laid out by [Taisho Ketsurui-Motoyoshi Katsuko](#) and [Taisho Shimizu-Motoyoshi Akina](#) (清水本吉明菜) she added her dark little personal touches to it. Minor adjustments to lighting, flooring appearance and decorations made an enormous difference in the ambiance of her home away from home.

Main Compartment

Inari has a lot of volumetrically projected posters on her walls and ceiling.

The door features a large image of Yamatai surrounded by a Nekovalkyrja, a Minkan, a Elysian, a Separa'Shan, a Kodian, a Phod, a Android, a Norian, and a Senti in [Ke-M2-4 Series "Mindy" Armor](#) defending it.

To the left side of her desk is a poster of [Kyoto Sekai](#)'s Aether Firestorm album. in front of her desk are two posters. One of Katsuko and [Motoyoshi Eri](#) with many of the prominent members of the clan in the background. The other is of her with a band of smiling Separa'Shan and a Phod. There is one dwarf Separa'Shan circled around Inari's wrist. Mario is next to Inari in the picture. Above her headboard is a complex geometric shape resembling a [Lissragyd Tree](#). On her ceiling is a slowly moving lightshow of stars.

Bathroom

Her mirror is plastered with various afermations like “I believe in my abilities and myself” and “I can face this day and its challenges with strength.”
