History

The *Tansaku* is the training ship for all [Scientific Studies Service \(SSS\) Tansaku](#) personnel. She is currently stationed at [Daichi](#).

- At the start of [YE 31](#) during the outbreak of the [Second Mishhuvurthyar War](#) the *Tansaku*, *Tankyuu*, *Saiensu*, and *Kagaku* assisted the [YSS Aeon](#) and the rest of the Second Squadron in the Battle of UX-25.
- The *Tansaku* and its ships later explored UX-23 identifying resource and materials for use by the service. After that they made a run against the blockade at the North Gate. The damaged ships then made their way to [Daichi](#) for repairs.
- In [YE 33](#) the *Tansaku* was upgraded to a 1B at the [YSS Tsuiken](#) in [Daichi System](#).
