

Giretsu Century of the 75th Legion

The [Giretsu Century](#) of the 75th Legion (G/75 or the “Black Kitsune”) is a century created on paper in YE 39. But due to limited training slots at [SAIC](#), the unit was activated understaffed in [YE 42](#). It was stood down in [YE 43](#).

This is the wiki article for the unit. For the plot information, click [here](#).

History

The G/75 was activated months on Nataria before the [Third Battle Of Nataria](#). There they fought with distinction holding up and delaying a Kuvexian assault force moving on [Fort Ready](#). Though not without considerable losses to their limited personnel and equipment. 10 soldiers irrevocably lost their lives that day, among them was the unit's first Centurion Taii Yamanami Munemitsu. [Mikael Harris](#) assuming command as acting Centurion shortly afterward.

Due to manning issues with the century, it was disbanded in [YE 43](#) to fill out more seasoned Giretsu Centuries.
