

Star Army Legion

The level of organization above the [Star Army Brigade](#) and below the [Star Army Area Army and Army](#), legions are the default tactical unit deployed by the [Star Army of Yamatai](#) for independent operations. They are typically commanded by a [Taisa](#).

The first 21 legions to be formed carry the special distinction of making use of ancient numerals such as Legion I and Legion IX. Legions that are formed on a permanent basis use ordinal numbers, like the 72nd Legion. Remaining legions formed by the [Star Army of Yamatai](#) and placed in the [Star Army Reserve](#) use the old format Legion #, for example the [777th Legion](#) was known as Legion 777 before it became a permanent and separate element.
