

Skadi

Skadi is a star system located in sector grid 1811 in the [Kikyo Sector](#), in the [Great Southern Nebula](#) and near the “South Gate” of the [Bard Cluster](#).

History

The Skadi star system was originally colonized under the control of the [Fifth Expeditionary Fleet](#) and protection until [YE 29](#) when the [Mishhuvurthar](#) conquered the [Bard Cluster](#). It was then under the control of the [Mishhuvurthar](#) until their defeat in [YE 30](#).

In [YE 30](#), Skadi was released to the [Yamatai Star Empire](#)'s control as part of the [Intergalactic Armistice Agreement of YE 30 \(IAA\)](#) signed at the [International Relations Conference of YE 30](#) at the end of the [First Mishhuvurthar War](#).

After the [Mishhuvurthar](#) were driven off the system was once again under the control of the [Yamatai Star Empire](#). The system was under the control of the [Fourth Fleet](#), and it was re-colonized primarily by former [Yamatai Star Empire](#) soldiers. The Colonial Capital was established in the town of Kumano.

In [YE 32](#) the [town of Ushizu was attacked](#) by the [NMX](#), the agrarian town of 2,000 suffered a death toll of 1,200 and 600 injured. After the event, the colonial government chose to erect a memorial. A marble statue depicting a typical family of Ushizu, with a plaque in the base. The town people moved to back to

Kumano.

Later in [YE 32](#) the colony was abandoned when the [NMX](#) forced the [Fourth Fleet](#) to have to consolidate its holdings after losing a major portion of their fleet in two engagements. Prior to abandoning it the [Fourth Fleet](#) had removed all sensitive equipment but was not able to destroy the structures and equipment left behind.

In [YE 39](#), [Task Force 0](#) was assigned to Skadi to suppress its [Rixxikor](#) population before it became a threat to other worlds. With the invention of [Nodal Command 2719](#) and its deployment upon the planet by [Nodal Delivery Munition, Type 42s](#), the Skadi occupation by the [Rixxikor](#) was soon ended, with trace amounts of [Graxlat](#) surviving. After the Task Force's withdrawal and reassignment to [Gashmere](#), there is no notable [Star Army of Yamatai](#) presence in the area.
